Dear

You should by now have been told that your DEA expedition log at Gold Level has been accepted by the Expedition Committee, and that you have now passed the expedition section of your Gold DEA. May I take this opportunity of congratulating you on this success: it is always a worthwhile thing to meet a challenge like this, and to successfully complete it.

The Committee has now confirmed that it would like me to invite to join us on the Committee as a member of our staff. This I am very pleased to do now. If you feel willing and able to accept this invitation, then would you please write to Mr Robert Hardy at 176 Colyer Road, Northfleet, Kent to confirm this. I must point out at this stage that because our organisation has now grown so large, not all of you may be called upon to instruct at first, but some may be asked to help in the administrative side as well. Your acceptance will be read as meaning that you are prepared to help in whatever way you are asked.

I have asked you to reply to Robert because I am soon going abroad for 12 months, so cannot be with you. May I therefore take this opportunity of wishing you every success in your first year as an Assessor, and thank you in anticipation of all the help I am sure that you are going to be during this year.

Yours most sincerely,
