Dear

I am enclosing for your information, a copy of the programme and groups for the forthcoming Training weekends, and would like to draw your attention to one or two points.

You will see on the programme that at 1200 hours on Saturday, it is practical cooking, including lunch. This means that the boys will be cooking their own lunch, in their groups. We shall be supplying the food but the boys must make sure that they have at least two primus stoves and dixies within their group. Also they will be camping out after their Night Expedition on Saturday night so again it is vital that they do have sufficient tentage for their group. And finally, could you please ask your boys to bring a Vacuum Flask with them so that they can take a hot drink out with them on their Night Expedition.

If you would like to make an advance note in your diary, I have been advised that once again this Easter we shall be able to have 'live' reports from Snowdonia broadcast on Radio Medway at roughly the following times:-

| | | |
|-----------------|-------------|-------------|
| Good Friday | 8.30 - 9.00 | 4.30 - 5.00 |
| Easter Saturday | 8.30 - 9.00 | 4.00 - 4.30 |
| Easter Sunday | 8.30 - 9.00 | |

Yours sincerely

R Hardy
