

Dear Robert

I am sorry my application is late but my duty rearrangement was only confirmed today.

As you can see I am able to make it this year - The details of my car are as follows - Ford Cortina 1600E reg. no BYW 620H Seating 4 MPG 25

It is possible that my brother John did not receive your letter as he's living away from home whilst attending University. However I can confirm that he is available & willing for Easter.

I would like to volunteer for the Clyders; I don't think my year would be complete without that! On this year's check over the Clyders I think it is important that groups cross in the same time order as last year with those camped at the bottom, on the Snowden side, setting off first.

Looking back on last year's little mishap I think we were quite lucky that it should have happened to the last group to cross. If it had happened to the first or second group I might not have been able to cope with the situation adequately. May I suggest that at least three people accompany me, one of whom has been here a few times before, so that should anything happen errors will be left in numbers sufficient to deal with a second (I hope not) incident.

That lot may be as clear as mud so I'll explain it better when I see you

at one of the week-ends.

I would like to attend the pre-Snowdon meeting, so I would be grateful if you could let me know its date.

regards for now.

Steve.
