Rochester,  
Kent.

18th September, 1984.

Dear Robert,

D.E.A. Transport to Snowdon.

Given your experience in 1984 with the two coaches provided by National, it occurs to me that Les Day is shortly going to retire from the Coaching Department and it might be as well to get something under way if you would like me to arrange a repeat performance in 1985.

It would be sufficient at this stage if you merely say whether or not a quotation is required on more or less the same operating details and I will instil their interest accordingly.

They seem quite happy with it last year.

Yours sincerely,

*Howard*
