 " "
 " "
 " "

Note: The original programme and Group List for this weekend has been lost. This list is based on the March 1985 Bronze weekend, with Group names and members assumed to be the same.

Candidate names in italics requested a place on the Oct weekend, but not on the March one. Their Group memberships are best guess only.

Instructors are assumed to be the same as for the March weekend. Those in italics are recorded as attending this weekend, but their group allocation is a pure guess.
