August 1990

Dear

D.E.A. EXPEDITION - ASSESSOR TRAINING.

We are now looking to recruit young people as possible expedition Assessors. It is essential that those we choose are suitable, not only for their expedition skills and ability to communicate with young people, but also for maintaining and promoting the objects of the Boys' Brigade.

We feel that the officers of the Company from which the new Assessors originate must have an input into whether they are suitable. You will find enclosed letter(s) for some of your young people who successfully completed their Gold Expeditions with us last Easter. If you feel these people are suitable to be considered for training as assessors would you please pass on these invitation letters to them. If however you feel those we selected are not suitable, for whatever reason, I would be most grateful if you could let me know.

If any other past participants, who have completed their Gold expedition with us, wish to become assessors, again I would be most grateful if you would contact me.

Thanking you for your cooperation
