

THE BOYS' BRIGADE NORTH WEST KENT BATTALION

D.E.A. EXPEDITION COMMITTEE

Maidstone 675672.

33, Ladywood Road,  
Cuxton,  
Rochester,  
Kent,  
ME2 1EW.

August, 1991

Dear

With the increasing popularity of the D.E.A. Award scheme, especially within The Boys' Brigade, we are frequently looking to recruit additional young men and women to help instruct and assess future expedition participants.

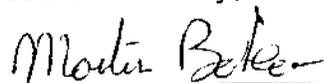

Without the body of volunteer assessors the N.W. Kent BB. D.E.A. Expedition group would cease to exist.

Potential new recruits to the assessing staff need to have a keen interest in hillwalking and expedition, together with a desire to assist other young people to achieve their goal. They must also be committed to giving freely of their spare time between September and May each year. Naturally they must also have completed their Gold Expedition successfully and be considered by the Committee to be suitable for the position.

All new assessors will be required to complete our training course which covers instruction and assessing techniques at the three levels. During 1991/92 we are hoping to run a further induction course for new assessors and it will be helpful to us to know whether you may wish to be considered for a place on the course. You will be advised of the date in due course. We must stress that satisfactory completion of your Gold expedition does not, however, automatically qualify you for the assessing staff as all candidates are carefully selected. If there is an overwhelming positive response to this letter, then regretfully we may need to defer the intake for some candidates. The object at this stage, is to gain an early assessment of the possible future staffing levels and you should not be too disappointed if you are not invited to join us on this occasion - there will be future opportunities.

Please print the details required below if you feel that you may be interested, and return to it to Mr R.A.C. Hardy at the above address NO LATER than Friday 20th September, 1991

Yours sincerely,

Martin Baker  
Expedition Organiser
